All degree seeking students enrolled in 4 or more credit hours during the fall and/or spring semester shall pay all mandatory student fees. Degree seeking students enrolled in Summer Session I or Summer Session II shall pay the fees specified regardless of the credit hours for which they are enrolled. CSM students attending colleges outside the United States and non-degree students attending part-time will be assessed the Technology Fee only.

During the fall and/or spring semesters, degree seeking students taking less than 4 credit hours are not required to pay student fees, except for the Technology Fee. All students including non-degree, high school, CSM employees, and community college students enrolled in one or more hours shall pay the Technology Fee. Any such student, however, wishing to take part in student activities and receive student privileges may do so by paying full mandatory fees. Mandatory fees are as follows:

The Health Services fee entitles students to use the facility and the services it provides.

The Associated Students fee assists in funding school events such as Homecoming, E-Days, Friday Afternoon Club, Mines Activity Council activities and Intramural sports. Additionally, the fee subsidizes Student Organizations and campus publications including the Oredigger and the Prospector. The Associated Students of Colorado School of Mines (ASCSM) administers the fee.

The Athletic fee entitles students to use the athletic facilities during normal operating hours and includes entrance to all sports events.

The Student Assistance fee entitles students to receive services provided by CSM Public Safety. These services include safety seminars, improved campus lighting, vehicle assistance such as changing flat tires, retrieving locked keys, and accompanying students to and from residence halls/vehicles, and to and from campus buildings.

The Technology fee funds the provision of state-of-the-art instructional technology; campus and internet network access, dial-in services, software licensing and service support, and appropriate access to resources required to meet academic program needs.

The Student Services fee helps defer some of the costs for the operation of the Department of Student Life, the Student Center, Student Activities, Student Development, and Academic Services, Career Planning and Placement, Minority Engineering Program, and the Outdoor Recreation Center. A portion is also used to retire the bond indebtedness of the Auxiliary facilities.

The Recreation Center Fee assists in the repayment of the bond indebtedness towards the newly constructed recreational facility. It will also help offset equipment costs for informal recreational activities as well as commencement ceremonies, career day activities and other student life sponsored events. The fee will entitle students unlimited use of the facility during normal business hours.

The Intermodal Transportation Fee funds initiatives that include but are not limited to the RTD College Pass, a local Golden/CSM Circulator Bus, and other transit demand management issues determined by ASCSM Student Council. Beginning in the 2007-2008 year, the fee will be used to provide all CSM students with a RTD College Pass (good for all RTD buses, light rail and SkyRide).

The Academic Construction Building Fee funds the construction of an academic building that will be used primarily for general classroom instruction and teaching laboratories. A portion of the fee will also be used to for classroom and laboratory improvement and maintenance.
Summer Session I and Summer Session II

Academic summer sessions may at times require fees be assessed to enrolled students. These special fees may include, but are not limited to, the following:

- Room and board fees for off-campus lodging,
- Travel expenses,
- Class material/tools,
- Costs of external laboratory analysis.

The cost of these services vary from year to year and the academic department makes decisions regarding summer session structure subsequent to the deadlines outlined in the Board of Trustees approved Institutional Plan for Student Fees and Other Charges. The Board shall approve such special summer session fees in principle, subject to the review and approval of the President prior to student assessment.

Tuition and Fees Refund Policy

The amount of tuition and fee assessments is based primarily on each student's enrolled courses. In the event a student withdraws from a course or courses, assessments will be adjusted as follows:

If the withdrawal is made prior to the end of the add/drop period for the term of enrollment, as determined by the Registrar, tuition and fees will be adjusted to the new course level without penalty.

If the withdrawal from a course or courses is made after the add/drop period, and the student does not officially withdraw from the School, no adjustments in charges will be made.

If the withdrawal from courses is made after the add/drop period, and the student withdraws from School, tuition and fee assessments will be reduced according to the following schedule:

- Within 7 calendar days following the end of the add/drop period, 60 percent reduction in charges.
- Within the next following 7 calendar days, a 40 percent reduction in charges.
- Within the next following 7 calendar days, a 20 percent reduction in charges.
- After that period, no reduction of charges will be made.

To comply with federal regulations surrounding student financial aid programs, the Director of Financial Aid may modify this schedule in individual circumstances.

The schedule above applies to the Fall and Spring semesters. The time periods for the Summer Sessions I and II will be adjusted in proportion to the reduced number of days in these semesters.

Rental rates are subject to change based on the number of rooms used, size of the group, length of rental, conference bidding requirements, market demand and whether rental occurs during a high or low demand period.

Cancellation fee for Friedhoff Hall is $450.00, 90 days prior to event; and $600.00 less than 90 days prior to event.

Cancellation fees for other rooms or room combinations are based on 25%-40% of the combined rental fees.

Note: Companies interviewing on-campus using any of the above facilities will be charged 50% of the AY2007 rate.

#### On-Campus Groups

**Green Center Office of Events Charges for Student Organizations:**

As accepted March 1996 by Student Council -

To cover the administrative costs of operation of the Green Center Office of Events campus groups may be charged 15% of admission or registration fee (admission and registration fees are defined as any money paid to attend an event) up to a maximum charge of:

<td>$50.00</td>
</tr>
</tbody>
</table>

Recognized student organizations are exempt from the 15% rate when conducting activities or programs which are funded by appropriations from ASCSM.

If no admission or registration fees are charged, then administrative costs are not assessed. Groups that are not charging admission fees and subsequently are not being charged will be on a bump basis up to a week before the event (this means the group may be bumped by a paying event). Bumping is not automatic and is only done after mutual consent by all parties.

Groups may be charged for services provided by lighting, sound or A/V technicians, building monitors, janitors, ushers, or security personnel. Rates for these services range from $12 to $35/hr depending on personnel and services provided. Charges for usage of A/V equipment range from $25/event day to $200/event day depending on type and amount of equipment needed. Any additional charges for equipment or services will be specified at the time of the request.
